

GOLF PASSPORT

The Blackmoor Passport has been created for golfers who are current members of another club but wish to play Blackmoor on a regular basis at a reasonable cost without committing to full membership. This is how it operates;

- ⇒ The Passport costs £540 per annum and will run for a 12month period from date of purchase.
- ⇒ Passport holders will receive a swipe card charged with 540 units of golfing credit with 27 units being debited per round, when signing in at the Pro-shop.
- ⇒ Passport holders can utilize credit from their cards to pay for guests.
- ⇒ Passport holders will have full use of the club facilities including discount on Bar & Catering purchases.
- ⇒ Passport holders are eligible to take part in any of the club's social events.
- ⇒ Passport holders can upgrade to full / 5 day membership at any time and any credit outstanding on their Passport will be credited back to them after paying the appropriate joining fee.
- ⇒ The Passport can be topped up at any time in £50 increments.
- ⇒ The Passport can be used on any day except Saturdays.
- ⇒ Passport holders are not considered as members of the club so have no official membership standing and consequently cannot play in competitions.
- ⇒ If the Passport has not been fully used 12 months after purchase the outstanding amount will pass to the club.
- ⇒ **Passport holders must be full members of another membership golf club in the UK.**
